- Bead breaking force of 3.7 tonnes
- Operated by wired mobile remote control unit

JUMBO TCS/52NW

Commercial Tyre Changer

GARAGE EQUIPMENT
since 1922

→ About the TCS/52NW

Jumbo TCS/52NW – all trucks plus entry level agricultural and off the road tyre changer up to a wheel width of 810 mm. The hydraulic self-centring chuck allows the clamping of various wheel sizes and it is fully adjustable to carefully handle the light alloy wheels. It also has a remote controlled trolley to locate in position the wheel, to bead break and fit the new tyre. Jumbo TCS/52NW is the best balance of price and performance.

→ Technical Specifications & Dimensions
