- Suitable for most cars & derived vans
- Acoustic warning alarm during final lowering phase

Corto 3.2t 1.4m Low-profile Lift

GARAGE EQUIPMENT
since 1922

About the SF/8992

The SF/8992 short platform scissor lift from Tecalemit has been developed for use in all car workshops, particularly where space is at a premium. Short platform lifts provide an excellent solution allowing the operator to work on the vehicle at ground level without the obstruction of lifting posts and platforms and at a full working height for general servicing and repairs.

When raised, the vehicle is instantly in a wheel-free position. Consult your Tecalemit Area Sales Manager for guidance on the location of the lift and control box unit.

Technical Specifications & Dimensions

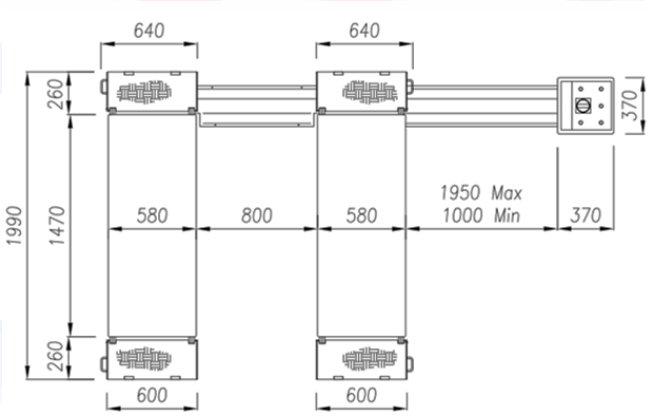

Maximum load	3200kg
Fused isolator rating (3ph)	16 amp
Fused isolator rating (1ph)	20 amp
Maximum platform height	1900mm
Minimum platform height	105mm
Lifting time (3ph)	35 secs
Motor supply	400 3kW 3ph 50Hz

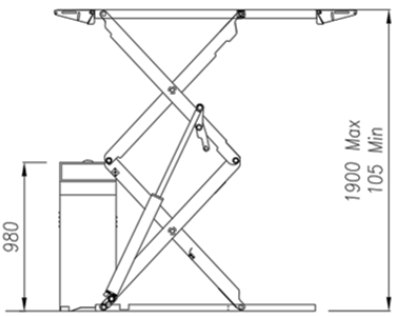

Part Nos. & Ordering Information

3.2t 3ph Low Profile Scissor Lift, with short ramps, surface mounted	SF/8992
3.2t 1ph Low Profile Scissor Lift, with short ramps, surface mounted	SF/8992/1
