- Clear floor between columns
- Fitted with 2 specially manufactured long-life, high-performance motors

Azur 3.0t 2-Post Lift without base frame

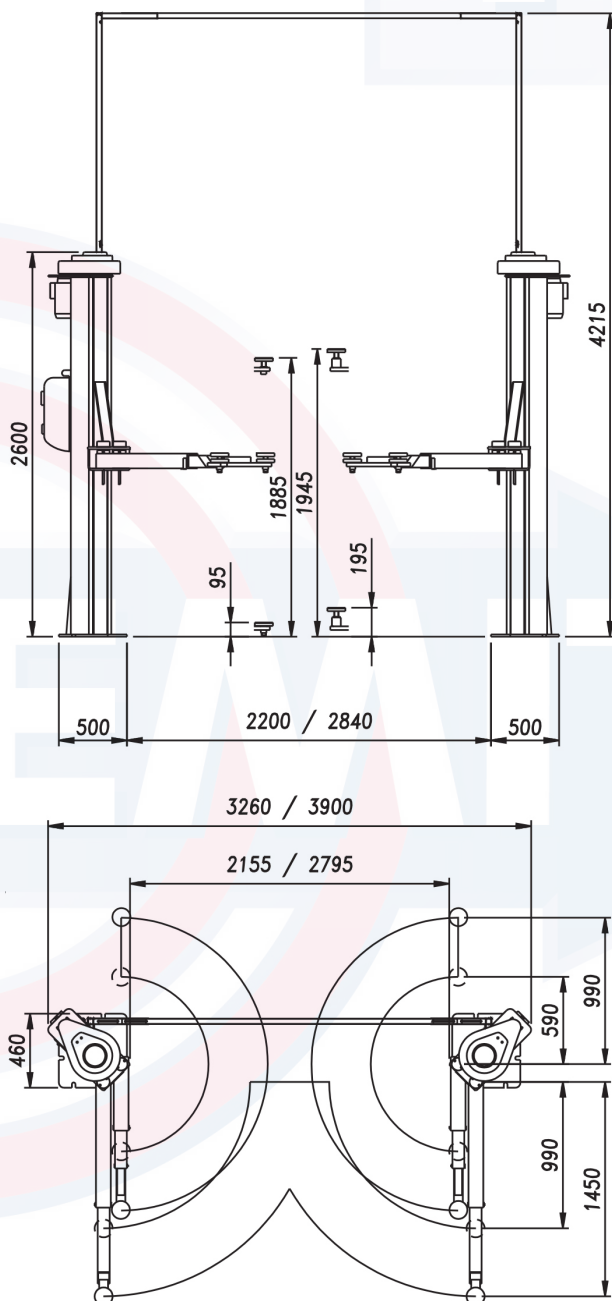

GARAGE EQUIPMENT
since 1922

→ About the SF/9230

The SF/9230 is a 3.0t broad application electro-mechanical 2-post lift, suitable for lifting most passenger cars, car derived vans and many light commercial vehicles. It is ideally suited for use in workshops where regular use of equipment such as transmission jacks and oil drainers demands a clear access between the lifting columns.

The SF/9230 has a heavy-duty column design fabricated from FE430 grade steel and 2 electronically synchronised powerful 2.6kW motors.

→ Technical Specifications & Dimensions

Pad height min.....	95mm
Lifting height.....	1885mm
Motor supply.....	2 x 2.6kW
Drive-through width.....	2155/2795mm
Maximum load.....	3000kg
Maximum lifting time.....	65 secs
Weight.....	600kg
Power supply.....	3ph 400V 50Hz
