

# Mobile Commercial Vehicle Brake Tester

GARAGE EQUIPMENT  
since 1922

Part No.: DE/9722

See overleaf for more information

- Mobile design for easy positioning
- High friction durable rollers
- Roller Assist for easy access and egress
- 20.0t axle load capacity
- 11kW motors
- IP54 Protection
- Suitable for outdoor use
- Suitable for testing 4WD vehicles
- Options for laptop or PC with workstation
- Optional in vehicle display using Android tablet or phone

# Mobile Commercial Vehicle Brake Tester

GARAGE EQUIPMENT  
since 1922

## → About the DE/9722

The DE/9722 Mobile Commercial Vehicle Brake Tester from Tecalemit is designed to provide highly accurate efficiency testing of many heavy-duty vehicles, including trucks, coaches, buses and light commercial vehicles.

The DE/9722 is an innovative and highly functional mobile brake tester that benefits from GEA approval for ATF testing. The brake tester is surface mounted, eliminating the need for groundwork so the equipment can easily be moved between locations and quickly set up to test.

It is also ideally suited for fleet operators carrying out periodical testing of vehicles and for servicing facilities conducting diagnostics or post-repair testing of vehicles.

The DE/9722 comes with either a laptop or a workstation housing a PC and printer. With a suitable Android device, the DE/9722 software screen can be mirrored for use in the vehicle. (*Android device not supplied with roller brake tester*).

The DE/9722 is simple to use and, upon completion of testing, produces a report detailing the information required by DVSA in the UK. Using the optional flat ramp extensions is fully approved for ATF testing as part of an Authorised Testing Facility.

## → Technical Specifications & Dimensions

Max Axle Load:	20,000kg
Roller Speed:	2.5/5 km/h
Roller-bed Dimensions:	1,530mm x 2,067mm
Min/Max Wheel Track:	800/2,800mm
Roller Diameter:	180mm
Roller Length:	1,000mm
Power Supply:	415v 50Hz 3ph
Motors:	2 x 11kW
Braking Force Range:	0-40 kN
Drive On/Off ramp length:	1,235mm per ramp

## → Part Nos. & Ordering Information

Mobile Commercial Vehicle Brake Tester with laptop	DE/9722/LAP
Mobile Commercial Vehicle Brake Tester with workstation PC and printer	DE/9722/CAB
Flat Ramp Extensions (1.6m)	OA/62625
Hydraulic Axle Loader	OA/62626
