- Mechanical and hydraulic safety devices
- Generous platform dimensions
- Access vent for under-body jobs

600kg Hydraulic Lifting Platform

GARAGE EQUIPMENT
since 1922

→ About the SF/8791/EH

To meet the increasing need for quad bike servicing equipment, Tecalemit now introduces a versatile, small vehicle scissor lift. The lift has been developed to provide a convenient servicing platform for quad bikes and is also suitable for use with other wheeled vehicles and equipment such as golf buggies and horticultural vehicles.

The SF/8791/EH will accommodate quad bikes that meet Category L7e (up to 450kg) requirement, as well as other load carrying vehicles up to 600kg, on the 2300mm platform. Supplied with a mechanical safety device and hydraulic safety device in case of failure of hydraulic hose.

→ Technical Specifications & Dimensions
