

Car & Light Commercial Vehicle Brake Tester for UK MOT Testing of Class 3, 4 & 7 vehicles

GARAGE EQUIPMENT
since 1922

Part No.: DE/9719

See overleaf for more information

- DVSA Approved for Class 3, 4 & 7 MOT Testing
- Roller bed 4,000kg axle capacity
- Heavy duty rollers with long-life epoxy corundum coating
- Low ratio for easy exit from rollers
- Available for both standard and ATL testing
- 4 Point axle weighing on ATL specification
- Optional hi-intensity LED display screen

Car & Light Commercial Vehicle Brake Tester for UK MOT Testing of Class 3, 4 & 7 vehicles

GARAGE EQUIPMENT

→ About the DE/9719

The DE/9719 brake tester is designed to meet the latest DVSA requirements for connected MOT testing, and is available in a range of configurations to meet specific user requirements. Operated via an infrared remote control, it is easy to use and highly accurate. The brake tester is fully PC controlled and easily upgraded to include Tecalemit's emissions testing system.

The fully galvanised roller bed sits flush in the workshop floor and is supplied with roller covers for safety and protection when not in use. A sensor also prevents the rollers from operating without a vehicle being present.

DE/9719 can be used for Class 3, 4, & 7 MOT tests, covering cars and light commercial vehicles, including 3-wheeled and 4X4 vehicles, subject to the vehicle manufacturer's specifications.

Consult your Tecalemit technical representative to determine the most appropriate specification for your needs.

→ Technical Specifications & Dimensions

Max permitted axle load.....	4,000kg
Motors.....	2 x 4.5kW
Roller speed.....	2.9kph
Roller diameter.....	206mm
Roller length.....	900mm
Motor controls.....	Remote
Brake force display.....	0-1,250Kg
Wheel slip sensing.....	Autostop
Roller chassis dimensions.....	2,810 x 710 x 330mm
TPN+E 32Amp 'D' Type Breaker.....	Roller supply
240v Twin Socket.....	PC Console supply
240v Socket.....	LED Display supply

→ Accessories

Pedestal for Hi-intensity LED display.....	OA/60028/2
Inkjet Printer.....	OA/62355
Brake efficiency calculator.....	81611/864 /4
Wheel Chock.....	OA/6877
Vehicle weight wall chart.....	DE/12
Brake test record forms.....	FRM/571

→ Options

Installation	✓	Visualisation	✓	Workstation	✓	Connection	✓
No frame required for non-weighing MOT brake testers		22" Flat screen. Included with all brake testers. Mounted on workstation 100/216		Wall mounted locker for 22" flat screen and keyboard OA/62723		Hard wire connection, includes cables. Recommended OA/62726	
Support steels. Required for weighing (ATL) brake testers 100/444		Additional 32" screen for display of test results OA/61100		Floor-mounted (fixed) locker for 22" flat screen and keyboard OA/62437		Wireless connection, includes aerial OA/62725	
Support steels with top frame. As above with 60mm steel pit edging OA/62549		Additional 50" screen for display of test results OA/62455		Full sized cabinet with storage space and worktop for 22" flat screen OA/60551			
Full installation pit frame. Recommended OA/62550		Tecalemit's Hi-intensity LED, purpose designed display screen. Recommended OA/62458
