→ About the TCS/56

Jumbo TCS/56– trucks plus agricultural and off the road tyre changer up to a wheel width of 1,190 mm. Fast and easy to use, the hydraulic self-centring chuck has 6 jaws which allows the clamping of various wheel sizes. It has an adjustable hydraulic system to carefully handle both light and heavy wheels. It has fully automatic operation with optional wireless controller. Jumbo TCS/56 – the perfect match between speed and flexibility.
